

**360° SERVICE**

**algeco®**

# Our 360° SERVICE package offer

## We will help you furnish your property for its required use.

We offer suitable service packages that we optimized together with our customers. We can particularly help you with the equipment of offices, meeting rooms, public spaces, canteens and construction sites.

With our equipment packages you will use your space in the best possible way, and everything you need is available; everything for great prices and in the required quality.

Independently of what package you choose, when you order a complex turnkey construction, we will offer you comprehensive service. You will save time when furnishing your modular structure, and you can count

on us 100 % during the entire duration of the rent with regard to anything related to service and maintenance. ALGECO is a complex construction company and it sets the tone in the field of modular structures.

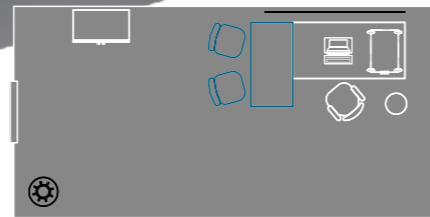

More than 90 % of ALGECO's customers already use 360° SERVICE and they are completely happy with it. All you need to do is tell us the number of your employees or users.

We will take care of everything else.
