

# Modular solutions

construction site, workshop, office

**algeco**<sup>®</sup>

# Feel at home on your construction site

## ALGECO provides certainty

Fast solutions from one source - this is true for construction sites. For many decades, our experts have delivered flexible, tailor-made premises. They are experts in coordinating intersection points with various trades and service providers.

The modular elements are delivered to the construction site in pre-assembled state, e.g. with electrical installation, heating, lighting and sanitary facilities. The projects, engineering operations and design are thus already approved. You will receive a flexible solution for your modular building with full cost control - including reliability and a guaranteed delivery date.

# Modular solutions

construction site, workshop, office, agriculture and forestry

## Workshop and office

- mobile shops or showrooms
- sanitary modules
- optionally with a kitchen
- warehouse module for safe storage of machinery and materials
- workshop module as mobile work premises
- and much more

You can find information about our modular on pages 44–47

## Construction site

- module for a construction manager with a sanitary unit
- offices on a construction site, rest areas and dressing rooms
- sanitary modules
- optionally with a kitchen
- residential module for work teams
- warehouse module for safe storage of machinery and materials
- and much more

## Agriculture and forestry

- warehouse module for safe storage of machinery and materials
- sanitary module
- optionally with a kitchen
- residential module for harvesting assistants
- and much more

# For reliable and safe solutions: ALGECO

ALGECO modules are suitable for both permanent and temporary use, and they comply with statutory technical, hygiene and safety regulations. With ALGECO quality, equipment and construction management work smoothly - and with our 360° SERVICE you can also order technical service and risk protection.

**Faster.**  
**More flexible.**  
**More reliable.**

## Certification and qualification:

ČSN EN ISO 9001:2009  
ČSN EN ISO 14001:2005  
ČSN OHSAS 18001:2008

# Our products for your construction site

Good reasons to rent ALGECO products

With three different system lines for rent, we are guaranteed to have the right product for every application.

With the ADVANCE PLUS line you can set up offices for the construction manager and equipment for investors with exceptional comfort even for long-term use. The ADVANCE IN and ORIGIN system construction lines create the perfect framework for your construction site. STORAGE is a mobile warehouse solution with practical additional equipment.

## Systems for rent

### ADVANCE PLUS

comfortable rental system

### ADVANCE IN

Allround rental system

### ORIGIN

basic rental system

## Storage spaces

### STORAGE

warehouse rental system

# ADVANCE PLUS

Comfort rental system

## Comfort and aesthetics

- 6 x 3 m or 6 x 2.5 m wide
- 2.5 m headroom
- light facade and a smooth front wall with windows
- electric outdoor blinds
- high quality dark laminate wood imitation flooring
- high level sanitary equipment, electric hand dryers
- integrated cable and pipe lines

## Protection and safety

- **Fire protection:** fire resistance of all load-bearing components, ceilings and walls in the corridor and the staircase.

## Energy and technology

- thermal insulation
- electric heating
- integrated cable trays
- preparation for installation of Data-Net network and VoIP telephone system
- grid lights and motion detector

**For better  
productivity!**

# ADVANCE IN

## Allround rental system

### Comfort and aesthetics

- 6 x 3 m or 6 x 2.5 m wide
- 2.5 m headroom
- light facade
- large windows with blinds
- robust grey PVC flooring
- basic sanitary equipment
- integrated cable and pipe lines

### Protection and safety

- **Fire protection:** no fire protection in standard version, extension is possible

### Energy and technology

- thermal insulation
- electric heating

**Versatile  
and flexible!**

# ORIGIN

Basic rental system

## Comfort and aesthetics

- 6 x 3 m or 6 x 2.5 m wide
- 2.5 or 2.4 headroom
- large windows with blinds
- robust grey PVC flooring
- basic sanitary equipment
- integrated cable and pipe lines

## Energy and technology

- thermal insulation
- electric heating

## Protection and safety

- **Fire protection:** no fire protection in standard version, extension is possible.

**Fast and  
reliable!**

# STORAGE

Mobile warehouse solution

## Comfort and aesthetics

- 6 x 2.5 m wide
- 2.4 m headroom
- impregnated wooden floor
- double-leaf door with continuous sealing
- optional: heavy duty rack

## Protection and safety

- optional: safety lock

## Energy and technology

- stackable,
- optional transfer and loading
- pockets for forklift bars
- optional: electrical equipment:
  - 2 Schuko 16 A/230 V sockets
  - 1 CEE 16 A/400 V wall socket
  - 1 light for humid areas

Safe and mobile!

**Protected  
warehouses  
for your  
construction site!**

# All from one source

## Our services during the project

We're your partner and we want to support you in every way even after the building is handed over, e.g. in maintenance and service.

Of course, you are the one who determines the required scope of performance at each stage of the project.

### Concept and planning

- project order
- visit to construction site
- technical construction documents, such as documents for thermal and sound insulation and fire protection depending on the model, type-tested or testable statics
- fire protection concept with escape route plans
- soil assessment
- application for utilities
- various financing models: rental or purchase

### From module to building

- general contractor services
- turnkey solution
- appointment of a SIGE coordinator
- substructure, foundation and utility connection
- access roads and outdoor equipment
- building design, e.g. facade systems, roof structures and attics
- external modifications

### Furniture and equipment

- IT and communication technology
- heating and air conditioning technology
- flooring of the customer's choice, e.g. carpets, tiles or linoleum
- equipment packages for office spaces and accommodation, warehouses, kitchen and dining room
- moving and furnishing service

### After the building is handover

- maintenance contracts
- insurance packages
- facility management
- waste disposal management
- after-sales-service

# Construction site and modules with 360° SERVICE

ALGECO offers 360° SERVICE: from project planning work and implementation to the administration and management of your building.

Depending on the area of application, we will support you with suitable service packages for:

## Comfort and aesthetics

- equipment packages, also for warehouses, a kitchen and a sanitary unit
- building design
- planning operations
- facility management

## Protection and safety

- insurance
- fire protection
- maintenance
- security technology
- access control

## Energy and technology

- network and communication
- office and telephone technology
- air conditioning and heating
- smart building technology
- water, electricity and waste disposal
- Eco-Future programme for sustainability

# Our service levels

# PREMIUM, COMFORT and ECONOMY

from optimized price to the PREMIUM level

Together with our customers, we have optimized the most important service and project planning tasks for construction sites, offices and dining rooms. Now we can offer and guarantee everything you need for a successful construction project - all in one package for a favourable price and in the required quality.

**ALGECO PREMIUM**

Řešení Premium pro maximální úroveň servisu

**ALGECO COMFORT**

Řešení Komfort pro všechny oblasti použití

**ALGECO ECONOMY**

Cenově optimalizované řešení jako základní balíček

It doesn't matter what level of service you choose: when you order a complete turnkey service, we promise you a „trouble-free“ package! You will save valuable time on the equipment of your mobile building, and during the rental period you can rely on us 100% in matters of maintenance and service. As a provider of comprehensive construction services, ALGECO sets a standard for exemplary service from one source.

**Over 90% of our customers are already convinced and they opt for our 360° SERVICE.**

# Comfort and aesthetics

Here you will find all services for building and interior equipment design down to the comfortable implementation of the project thanks to our project design and architectural tasks.

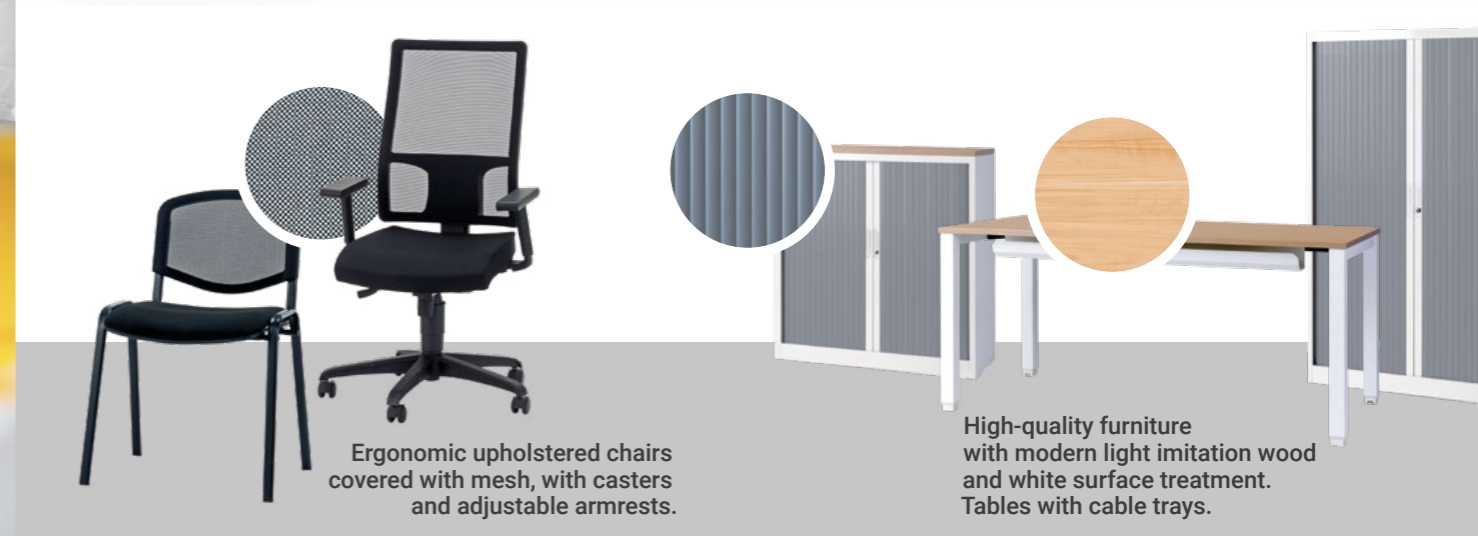

After we hand over the building, we will also support you in the administration and management of your building if you wish, and we will organize facility management for you.

## Our equipment packages – furniture for buildings and modules

- ✓ equipment packages
- ✓ kitchen packages
- ✓ starter sanitary set
- ✓ building design and comfortable indoor equipment
- ✓ project design
- ✓ facility management

**COMFORT**

**Our Comfort Line creates pleasant spaces with light modern imitation wood for all areas of use.**

**ECONOMY**

**Our steel furniture in grey is practical and cost-optimal, best suited to craftsmen and construction sites.**

Comfort and aesthetics

# Equipment packages - kitchen and dining room

PREMIUM

High quality kitchen, about 3.20 m wide, consisting of:

- 1 high cabinet with a refrigerator
- 1 stove with 4 Ceran cooking hobs and an extractor hood
- various lower and upper cabinets and drawers
- dishwasher and sink

- ergonomic upholstered chairs with a mesh cover
- high quality tables with white melamine tabletops

COMFORT

Stainless steel combined kitchen with:

- Ceran cooktop, sink, refrigerator and boiler
- white upper cabinet, approx. 1 m wide, 2 rotating doors

Dining room equipment consists of:

- ergonomic upholstered chairs with a mesh cover
- high-quality tables with modern light imitation wood tabletops with white surface treatment

ECONOMY

Combined kitchen with:

- cooktop, sink, refrigerator and boiler
- white upper cabinet, approx. 1 m wide, 2 rotating doors

Dining room equipment consists of:

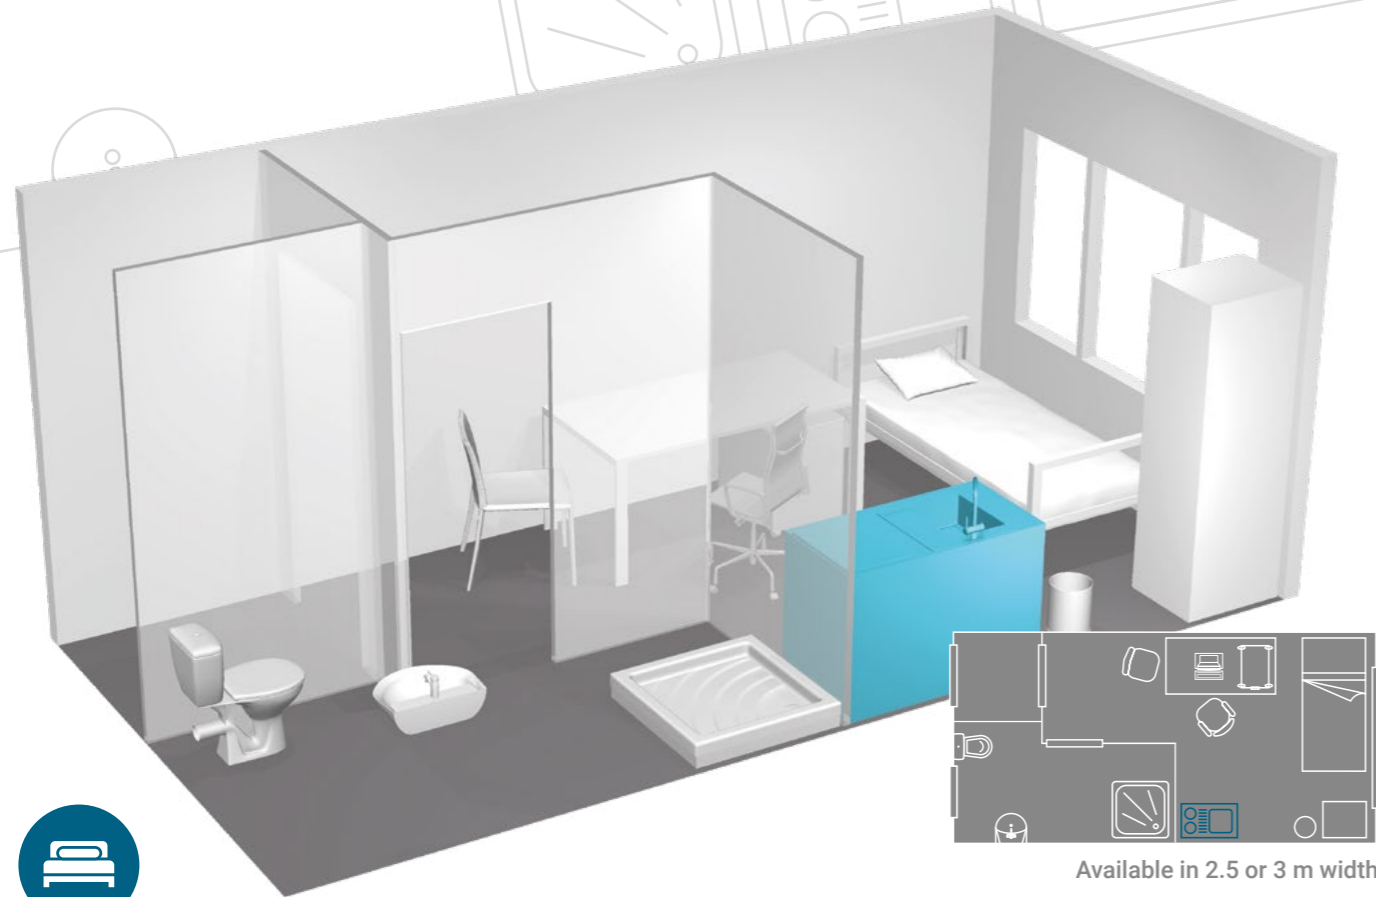

- stacking chairs made of crack-resistant plastic
- practical tables with a steel base and 25mm chipboard with surface treatment

Comfort and aesthetics

# Mikro-Apartment

to work in, live in, eat in and shower in

Available in 2.5 or 3 m width

**For construction sites - manager & Co.**

**WHITE**

- 1 desk
- 1 drawer unit on wheels and 1 swivel chair
- 1 chair for visitors and 1 bin for paper
- 1 bed, optionally with bedding included
- 1 tin wardrobe

**WHITE**

- 1 shower
- 1 WC
- 1 sink

**BLUE**

- 1 kitchen with a cabinet

**A comfortable comprehensive solution!**

With suitable equipment in the package:

**For offices:**

- ✓ desk
- ✓ drawer unit with wheels
- ✓ office swivel chair
- ✓ upholstered stacking
- ✓ chair file cabinet file
- ✓ shelf

**For accommodation:**

- ✓ bed for 1
- ✓ bedding
- ✓ double tin wardrobe
- ✓ refrigerator
- ✓ bin for paper
- ✓ bin for paper locking system

Comfort and aesthetics

# Starter equipment packages for sanitary

**High quality stainless steel equipment for our ADVANCE PLUS product line**

- soap dispenser
- liquid soap (1 litre)
- equipped with a hand dryer as standard
- toilet paper holder
- toilet paper (first equipment)
- toilet set (toilet brush)
- bathroom bin

COMFORT

**Cost-optimal white plastic equipment for our ADVANCE IN and ORIGIN product lines**

- soap dispenser
- liquid soap (1 litre)
- paper towel dispenser
- paper towels (first equipment)
- wire paper bin
- toilet paper holder
- toilet paper (first equipment)
- toilet set (toilet brush)
- bathroom bin

ECONOMY

\* U Comfort and Economy: participation depending on the module and damage event, detailed information in the offer.

Protection and safety

# Equipment on construction site: preferably in a package

For safety on your construction site, we recommend the protection of the property, building and also facilities at risk of burglary or fire.

Our construction site insurance package includes:

- ✓ access control
- ✓ protection against burglary
- ✓ fire protection

To do this, we combine sophisticated radio technologies with motion detectors, cameras, fire detection devices and access controls. In the event of an alarm, we cooperate with the local security service for a flat rate.

## Access control

Construction site security begins with access control:

- to protect the public from potential dangers on the construction site
- to secure the equipment on the construction site
- to define secured areas

The investor should also want to know who is on the construction site at a given time. We offer a module for access control and fencing of the construction site as an interesting combined service package.

## Protection against burglary

Our packages include protection of construction site modules and property security.

## Fire protection

Smoke detectors and fire extinguishers are a basic part of building security. If your security concept also requires a fire detection and alarm system, our PREMIUM package is a suitable solution – we can also connect it to your existing system.

# Energy and technology

- ✓ network and communication
- ✓ office and telephone technology
- ✓ air conditioning
- ✓ heating
- ✓ smart building technology
- ✓ water, electricity, waste dispos
- ✓ Eco-Future programme

Modular buildings are best prepared for digitization. Data-Net-Service from ALGECO is a modular networking and telecommunications solution that offers modern working standards and the highest flexibility, security and performance. We can guarantee state-of-the-art LWL technology, large frequency bandwidths and the highest possible outage protection. Modular facilities with an area of 1,000 m<sup>2</sup> can be networked with smart grids in just two days.

Air conditioning is also a widespread standard in office buildings today. We will ensure cooling of your building. We will also be happy to advise you on heating systems.

Do you have even higher requirements for building technology, installation, sustainability and waste disposal? We can create a suitable energy and technological concept for your building.

ALGECO special offer - A healthy climate!

**With us you won't sweat!**

Order an air conditioner or equip your space with it!

Energy and technology

# Construction site equipment and building operation

For the installation of the subject of the lease and its commissioning - our offer for you: a „completely worry-free“ package for your construction site.

Save valuable time preparing your construction site! We can take over all things related to the construction, including permit negotiations with offices and complete equipment of the construction site.

We can also discuss:

- ✓ subsoil strengthening
- ✓ chemical toilets
- ✓ and much more...
- ✓ electricity and water on the construction site
- ✓ a crane truck

## And during the rental period?

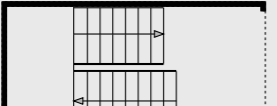

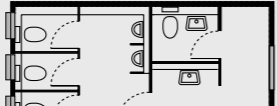

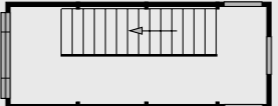

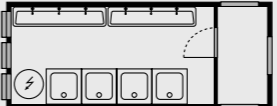

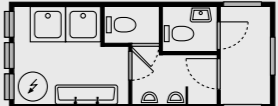

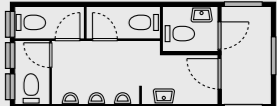

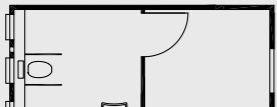

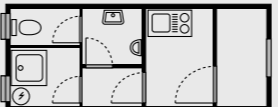

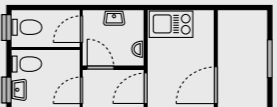

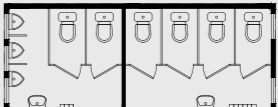

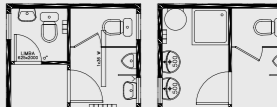

Our services throughout the operation of the construction site

During the rental period, we will support you in the operation of the construction site by cleaning the rented modules, with security-related services, or by installing vending machines with drinks and snacks for simple basic refreshments for your team on site.

**We will be happy to create an appropriate offer.**

# Standard configuration of ALGECO Express modules

Several classic module configurations have proven extremely successful for construction sites. They are available in a large amount throughout the country.

Order the standard configuration and get the benefits of extremely short delivery times and special conditions.

## ① Freestanding building modules

### BLUE

Freestanding module - office or rest room  
e.g. IN26/XN26/ET

amount: 1×  
installation: ground floor  
service packages: furniture - packages

### TURQOISE

Freestanding sanitary module  
e.g. INS1/INS2/INS3/XNS4/XNS5

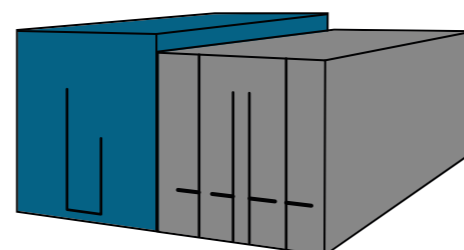

amount: 1×  
installation: ground floor  
service packages: sanitary starter set, kitchen - packages

### GREY

Freestanding storage module  
e.g. STORAGE20/SEEC20

amount: 1×  
installation: ground floor  
service packages: equipment for storage spaces

## ② Simple combination of a room and warehouse

### BLUE

Module - office or rest room  
e.g. IN26/XN26/ET

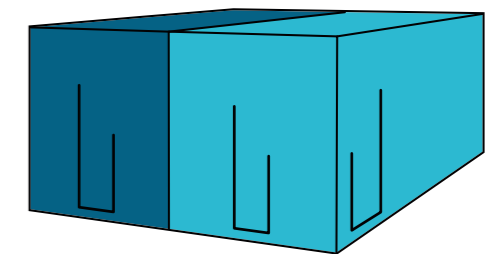

amount: 1×  
installation: ground floor  
service packages: furniture - packages

### GREY

Warehouse module  
e.g. STORAGE20/SEEC20

amount: 1×  
installation: ground floor  
service packages: equipment for storage

## ③ Simple combination of rooms with a WC module

### BLUE

Module - office or rest room  
e.g. IN26/XN26/ET

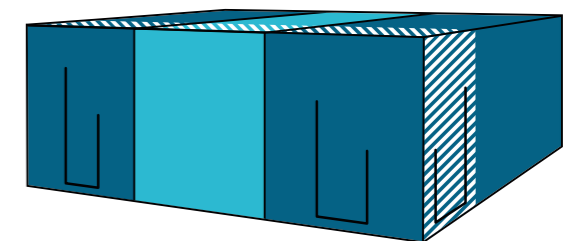

amount: 1×  
installation: ground floor  
service packages: furniture - packages

### TURQOISE

Room module with WC  
e.g. IN26WC

amount: 1×  
installation: ground floor  
service packages: sanitary starter set, kitchen - packages

## ④ Simple office - sanitary facility combination

### BLUE

Office or meeting rooms

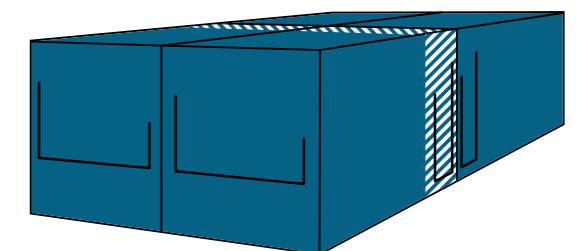

amount: 2×  
installation: ground floor, left or right  
service packages: furniture - packages

### TURQOISE

Room module with WC  
e.g. XNS5 (XNS4), entrance on lee side

amount: 1×  
installation: ground floor, centre  
service packages: sanitary starter set, kitchen - packages

## ⑤ Double-row combination of offices and inner corridor

### BLUE

Office or meeting rooms, amount

amount: 2×  
installation: ground floor, left  
service packages: furniture - packages

### TURQOISE

Office or meeting rooms, amount:

amount: 2×  
installation: ground floor, right  
service packages: furniture - packages

### BÍLÝ

Inner corridor on the lee side

amount: 2×  
installation: ground floor, left or right

## Service packages

### Furniture - packages

for equipped office, meeting and social rooms

### Equipment - package for warehouse

electric installation, heavy duty rack, safety lock

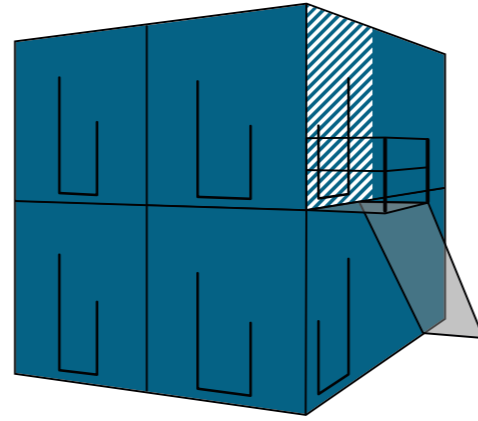

### Sanitary starter set

sanitary module - basic equipment including accessories and consumables

### Kitchen - packages

with furniture and appliances

## ⑥ Combination of space-saving office – rest room

### BLUE

#### Rest, office or meeting rooms

amount: 2×  
installation: ground floor  
service packages: furniture – packages

### BLUE

#### Office or meeting rooms

(once with a storm porch as the entrance)

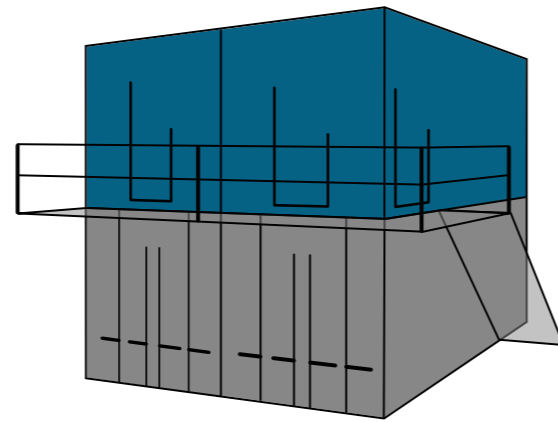

amount: 2×  
installation: above ground floor  
service packages: furniture – packages

### GREY

#### Construction staircase

amount: 1×  
installation: lengthwise

## ⑦ Two-storey space-saving combination of an office and warehouse

### BLUE

#### Office and meeting rooms

e.g. IN26, simple or double module

amount: 2×  
installation: above ground floor  
service packages: furniture – packages

### GREY

#### Warehouse module

e.g. STORAGE20

amount: 2×  
installation: ground floor  
service packages: equipment – package for storage

### GREY

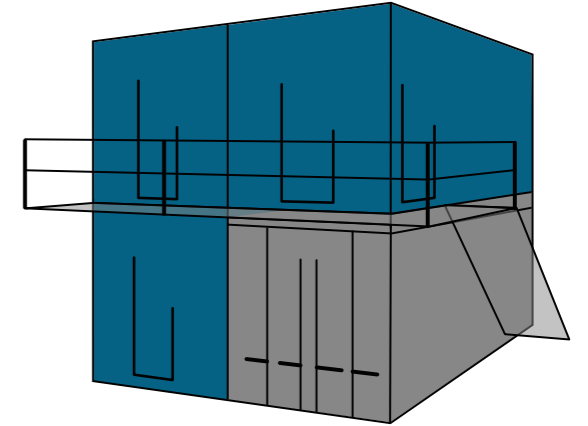

#### Construction staircase

amount: 1×  
installation: lengthwise

#### Landing

amount: 2×  
installation: front side

## ⑧ Two-storey space-saving room and storage office and warehouse

### BLUE

#### Rest module

e.g. IN26/XN26/individual module

amount: 1×  
installation: ground floor  
service packages: furniture – packages

#### Office and meeting rooms

e.g. IN26, simple or double module

amount: 2×  
installation: top floor service  
service packages: furniture – packages

### GREY

#### Warehouse module

e.g. STORAGE20

amount: 1×  
installation: ground floor  
service packages: equipment for storage package

+ 1 × spacer frame for height adjustment between STORAGE (ground floor) and IN (first floor)

### GREY

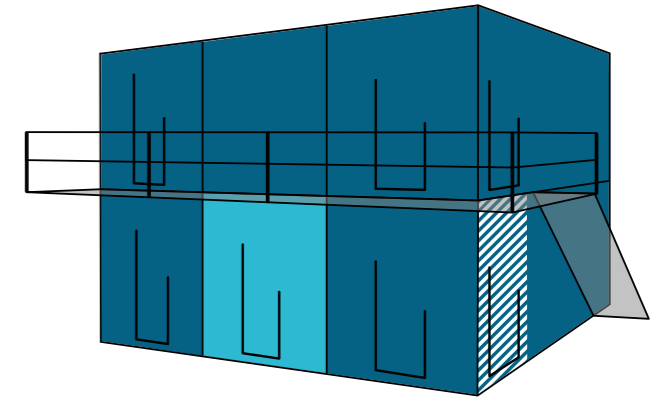

#### Construction staircase

amount: 1×  
installation: lengthwise

#### Podesta

amount: 2×  
installation: front side

## ⑨ Practical two-storey combination of a room and warehouse with a sanitary room and kitchen

### BLUE

#### Rest module

e.g. IN26/XN26/ET

amount: 2×  
installation: ground floor  
service packages: furniture – packages

#### Office and meeting rooms

e.g. IN26/XN26/ET

amount: 3×  
installation: above ground floor  
service packages: furniture – packages

### TURQOISE

#### Sanitary container

e.g. INS2/XNS4

amount: 1×  
installation: ground floor  
service packages: sanitary starter set

#### Kitchen

amount: 1×  
installation: ground floor, lee side, rest module  
service packages: kitchen – package

### GREY

#### Construction staircase

amount: 1×  
installation: lengthwise

#### Landing

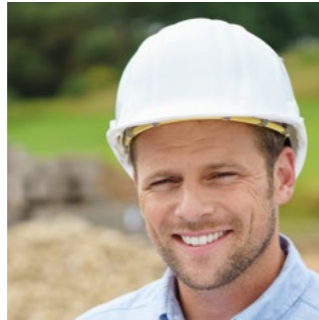

amount: 3×  
installation: front side

# “I bet on speed”

construction manager

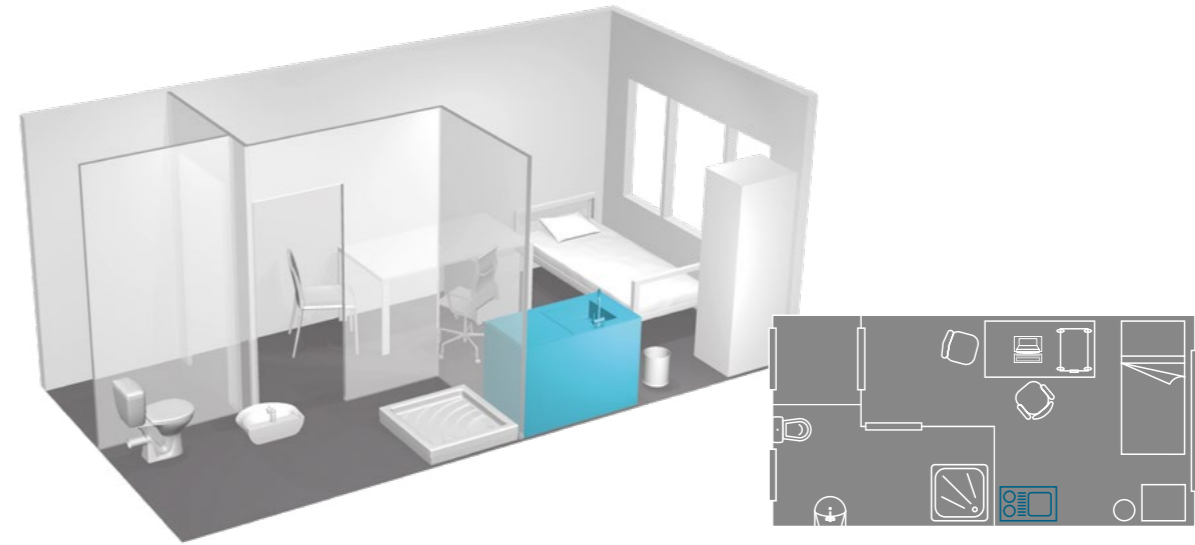

construction supplier

project manager

# Equipment in package

Available in 2.5 or 3 m width.

## Micro-Apartment for construction manager & Co.

### WHITE

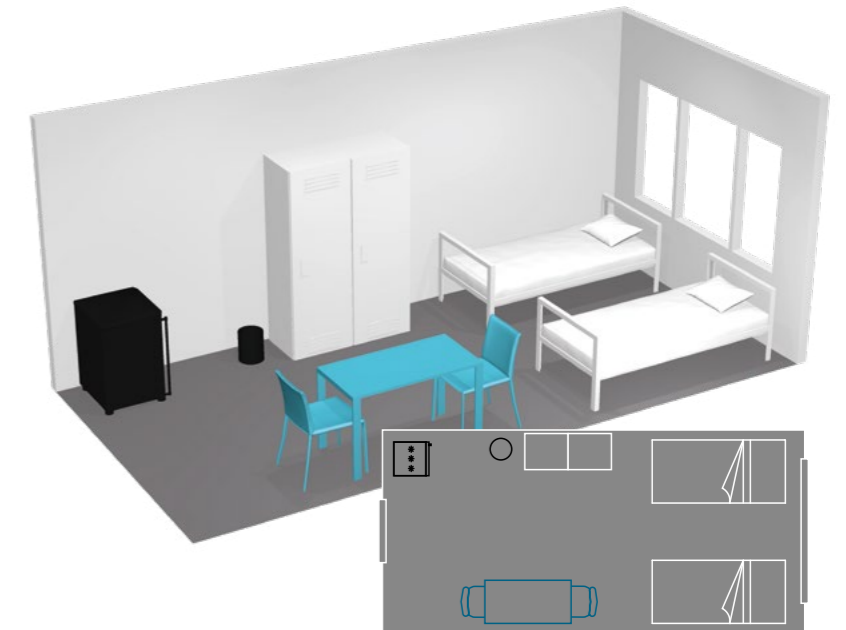

- 1 desk
- 1 drawer unit on wheels
- 1 swivel chair
- 1 chair for visitors
- 1 bin for paper
- 1 bed, optionally with bedding
- 1 tin wardrobe

### WHITE

- 1 shower
- 1 WC
- 1 sink

### BLUE

- 1 kitchen with a cabinet

## Sleeping space for two people

### WHITE

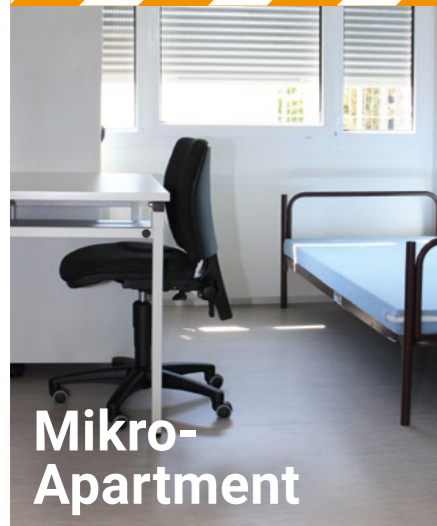

- 2 beds, optionally with bedding
- 2 tin wardrobes

### BLUE

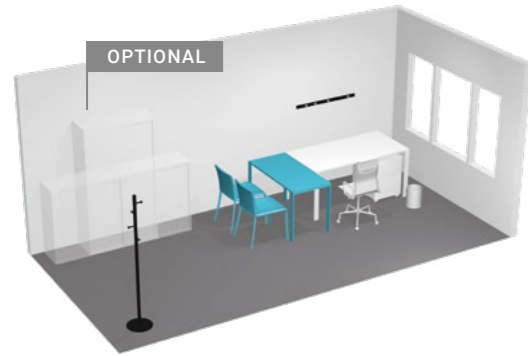

- 1 table
- 2 chairs

### BLACK

- 1 bin for paper
- 1 refrigerator (optional)

## Equipment in package

### Office for one person

#### WHITE

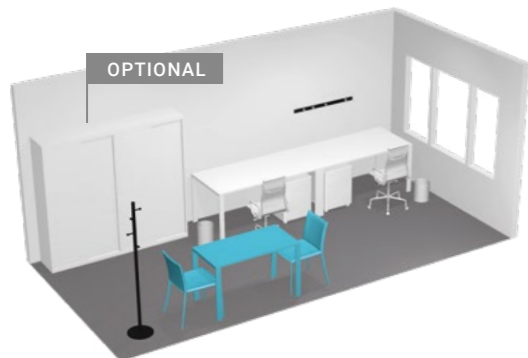

- 1 desk
- 1 drawer unit on wheels and
- 1 swivel chair
- 1 bin for paper
- 1 file cabinet

#### BLUE

- 1 table for visitors
- 2 chairs for visitors

#### BLACK

- 1 standing clothes hanger
- 1 strip with 4 magnets

### Office for two persons

#### WHITE

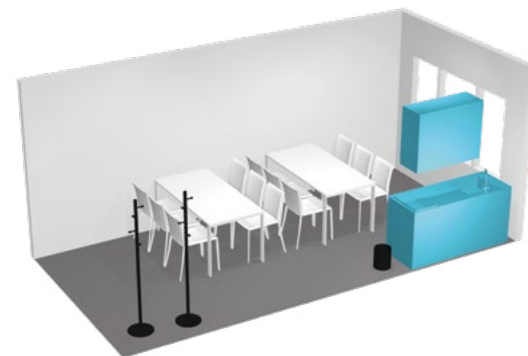

- 2 desks
- 2 drawer unit on wheels and
- 2 swivel chairs
- 2 bins for paper
- 2 file cabinets

#### BLUE

- 1 table for visitors
- 2 chairs for visitors

\* U Comfort and Economy: participation depending on the module and damage event, detailed information in the offer.

### Please keep in mind that:

There is an obligation to take out insurance against all risks of damage and loss on leased items.

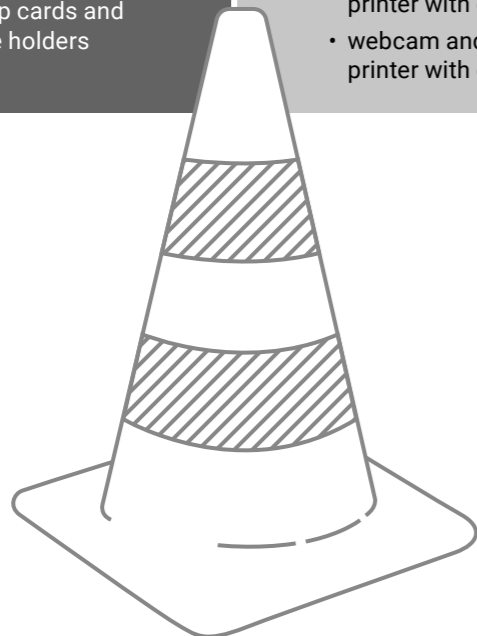

We only accept insurance with a recognized insurance institution at least in the acquisition value of the leased item. Until proof is provided of suitable insurance protection, we will register our insurance package for your security, registering you for group insurance.

Group insurance is generally for the Premium tariff. To submit proof of insurance, please **only use our form**.

**Our employees will be happy to help you.**

# Innovation meets expertise

## Experience

Number 1 in flexible spatial solutions • across Europe • from functional rentals to Premium modular buildings with a smart design • We will use over 50 years of experience in caring for your project.

## Innovation

Smart building concepts for a variety of applications with innovative technology and 360° SERVICE.

## Efficiency

Project management from one source. Speed and transparency with perfect cost control.

## Quality and sustainability

### Our certification for:

- quality management
  - environmental management
  - energy management
  - OSH
  - safety of pollutants
- ČSN EN ISO 9001:2016
  - ČSN EN ISO 14001:2016
  - ČSN OHSAS 45001:2018

**Guaranteed compliance with applicable laws.**

## Close to our customers

Our dense network of branches makes us a strong partner in your region. A strong network with national and international partners.

In our NSP survey of customer loyalty through a certified agency, we always achieve the highest number of points.

# Consideration for basic resources

## All from one source

Don't worry - ALGECO has the solution
